

WORLD ART AWARDS ANNOUNCES THE 20 BEST INTERNATIONAL GALLERIES

March 7, 2023. Los Angeles.

The first annual World Art Awards has selected the 20 Best International Galleries and Museums for 2023. Among other criteria, selections were based on years established, industry reputation, online interest, location, size, aesthetics, socially relevant exhibits, motivational and educational programs, represented artists as well as artist, client and visitor references.

World Art Awards: "We chose a museum over 140,000 sq ft, and some contemporary art galleries much smaller. We selected some European historical museums with art and antiquities going back thousands of years, and also some with masterpieces by Botticelli, Mantegna, Leonardo, Michelangelo, Caravaggio, Rubens, Rembrandt, Renoir, Monet, Gauguin, Chagall, Matisse, Picasso, etc.. To balance, we selected some very new and contemporary hotspots in diverse countries and cultures representing important young work, from painting to digital to photography to sculpture. We decided on large, modern art centers in Ghana and Zambia. In China / Hong Kong, we opted for a boundary-pushing contemporary facility with an influential international presence. In Israel and Latvia we went with stunning underground crypt and subbasement venues which are cherished tourist attractions."

World Art Awards annually awards 20 museums and/or galleries in the spring, and with their critique, awards nearly 500 deserving contemporary artists from 60+ countries: painters, photographers, sculptors and digital artists.

World Art Awards is launched by the similar prestigious online competition, American Art Awards, presided over for 15 years by award-winning actor, author, painter, filmmaker Thom Bierdz. <https://www.AmericanArtAwards.com>

Bierdz: "World Art Awards chases beauty. What a privilege is to work with the most beautiful galleries and the most beautiful contemporary artworks."
